Represent Stonham's clients...

## Home Group Board

We are changing Home's Board structure.  
In future there will be one main Board

supported by a National Customer Panel and a National Client Panel.

We want to recruit one Home Customer and one Stonham Client to become members of the Home Group Board.

### As a member of the Home Group Board, you will:

- help the senior management team to develop the business and monitor its progress;
- bring your varied and valuable experience of being a Stonham client;
- be able to bring a client perspective on many issues and assess how Board decisions may affect clients;
- contribute to discussions by expressing your views and opinions.

### You should be:

- a current client of Stonham;
- passionate about improving services offered to clients;
- able to think about and understand the "big picture" and want to influence the future direction of Stonham.

The Board meets six times a year and in addition holds occasional away days. Board members also meet clients to discuss Home's services. You will need to be able to commit one to two days per month to this role. No previous experience is required and full training and support will be given to all candidates.

We very much welcome applications from all sections of our community.

Although the posts are voluntary, all reasonable expenses will be paid.

Further information concerning the role will be provided in a Board member application pack.
